

Assignment-2**WEEKLY PROGRESS REPORT FORM**

STUDENT NAME	Samit Maharjan	FACULTY/TUTOR	Pawan K.C
ASSIGNMENT TITLE	MeroSafety – Smart Emergency Assistance System		
REPORT NO	2 (Week 2)	DATE	23 rd September, 2026

Summary of Progress (including any problems)	1.System Diagrams: Created Use Case, Workflow Diagram, and Entity-Relationship (ER) diagrams. 2.Algorithm Update: Replaced KNN algorithm idea with Geospatial queries and Google Distance Matrix API for distance and ETA calculations. 3.Folder Infrastructure: Completed folder and architecture setup for both backend (Node.js) and mobile (Flutter). 4.Local Database: Created and initialized SQLite database.
Plan for next week	1. Use Figma and Design Flutter UI Screens. 2. Create emergency service API endpoints if more time available.
